1 Introduction

This document is a guide to market participant registering with ACM in accordance with Article 9 of REMIT using the Central European Registry of Energy Market participants (CEREMP). CEREMP is a web-based system developed by ACER and national regulatory authorities including ACM.

1.1 What is REMIT?

REMIT¹ is a European regulation designed to improve transparency in wholesale gas and electricity markets. REMIT prohibits market manipulation and trading on inside information in wholesale energy markets.

Article 9 of REMIT imposes an obligation on wholesale energy market participants entering into transactions that are required to be reported to the Agency to register with the competent National Regulatory Authority (NRA).

1.2 Which market participants are obliged to register?

According to Article 9(1) of REMIT:

“Market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) shall register with the national regulatory authority [...].”

According to Article 2(7) of REMIT:

“market participant” means any person, including transmission system operators, who enters into transactions, including the placing of orders to trade, in one or more wholesale energy markets.”

In Chapter 3.4 of ACER Guidance (4th edition), the Agency provides its understanding of the notion of market participant as defined in Article 2(7) of REMIT.

Market participants only have to register once, with a single NRA.

1.3 Which market participants should register with ACM?

According to Article 9(1) of REMIT,

“Market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) shall register with the national regulatory authority the Member State in which they are established or resident, or, if they are not established or resident in the Union, in a Member State in which they are active.”

This means that:

- Market participants that are established or resident in the Netherlands should register with ACM.
- Any market participant that is not established or resident in the European Union and is only active in the Netherlands (i.e. trading products for delivery in the Netherlands) should also register with ACM.
- Any market participant that is not established or resident in the European Union and that is active in several Member States can choose which Member State to register in. If most of its activity is in the Netherlands, it should register with ACM.

¹ Regulation (EU) No 1227/2011 of the European Parliament and of the Council of 25 October 2011 on wholesale energy market integrity and transparency.

1.4 What information should be provided?

On 26 June 2012, the Agency adopted ACER Decision No 01/2012 relating to the registration format pursuant to Article 9(3) of REMIT², determining the registration format to be used for the establishment of the European register of market participants.

The registration format consists of five sections:

- Section 1: Data related to the market participant
- Section 2: Data related to the natural persons linked to the market participant
- Section 3: Data related to the ultimate controller or beneficiary of the market participant
- Section 4: Data related to the corporate structure of the market participant
- Section 5: Data related to the delegated parties for reporting on behalf of the market participant

All market participants entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) are required to provide information as defined by the Decision.

As well as providing this information, market participants must notify us of any changes to it. They can use CEREMP to update any changes.

1.5 When is the deadline for registration to be submitted?

According to Article 9(4) of REMIT,

“Market participants (...) shall submit the registration form to the NRA prior to entering into a transaction which is required to be reported to the Agency in accordance with Article 8(1).”

Thus, market participants must submit the registration form before entering into any transaction which is required to be reported to the Agency.

Consequently, market participants entering into a transaction which is required to be reported in accordance with Article 8(1) of REMIT prior to submitting the registration form may be in breach of Article 9 of REMIT.

1.6 What is the ACER code?

As required by Article 9(2) of REMIT, each market participant registered under REMIT will be issued with a unique identifier (the "ACER code"). The ACER code will enable market participants to report data under Article 8 of REMIT. Market participants will also need the list of ACER codes in order to provide information relating to Section 4 of registration format (data related to the corporate structure of the market participants).

According to Article 9(4) of REMIT, market participants shall submit the registration form prior to entering into transactions which are required to be reported to the Agency in accordance with Article 8(1) of REMIT. The ACER code will be issued upon the transmission for the first time of the information in the national registers to the Agency, in accordance with the ACER Decision No 01/12.

2 Accessing CEREMP: creating a user account

2.1 System requirements

To use CEREMP, the computer must meet the following requirements:

- Minimum screen resolution: 1024x768
- Supported browsers:
 - Google Chrome version 25 or later
 - Internet Explorer version 8 or later
 - Fire Fox version 17 or later
 - Safari version 5 or later
 - Opera version 15 or later

Please use the 'PREVIOUS' and 'NEXT' buttons built into CEREMP to progress through the registration process. Do not use the 'Back' or 'Refresh' buttons on your internet browser as it may result in an application error.

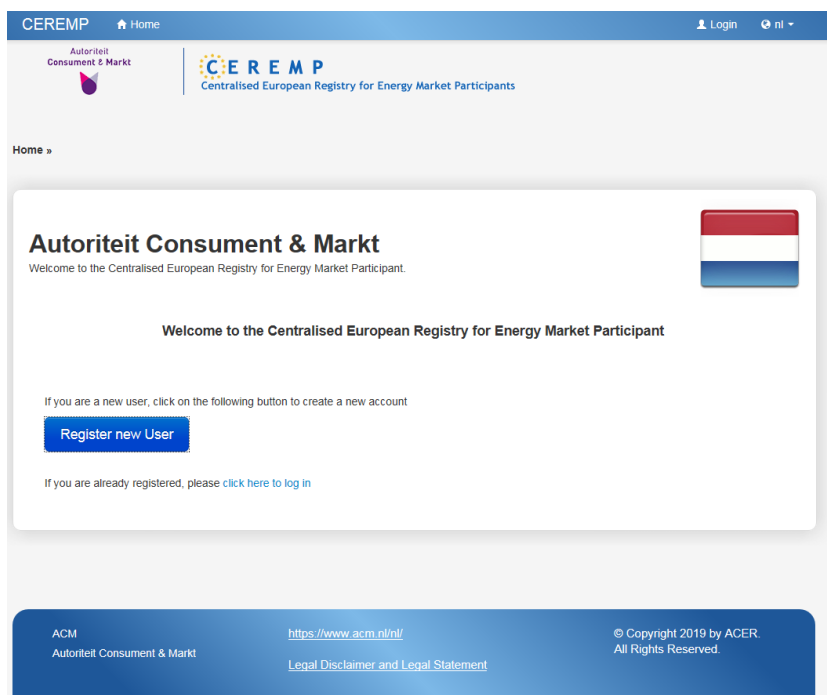

Please also note that it is not possible open more tabs in the same browser. The system locks any type to improper use of platform by displaying of the following message, "Sorry, this operation is not allowed. Probably you are using a multi tab into browser. Close this tab to avoid problems If the problem persists, please login again". In order to continue to use CEREMP system will necessary to log out and log in again in the application.

2.2 New user account

Go to the home page for ACM:

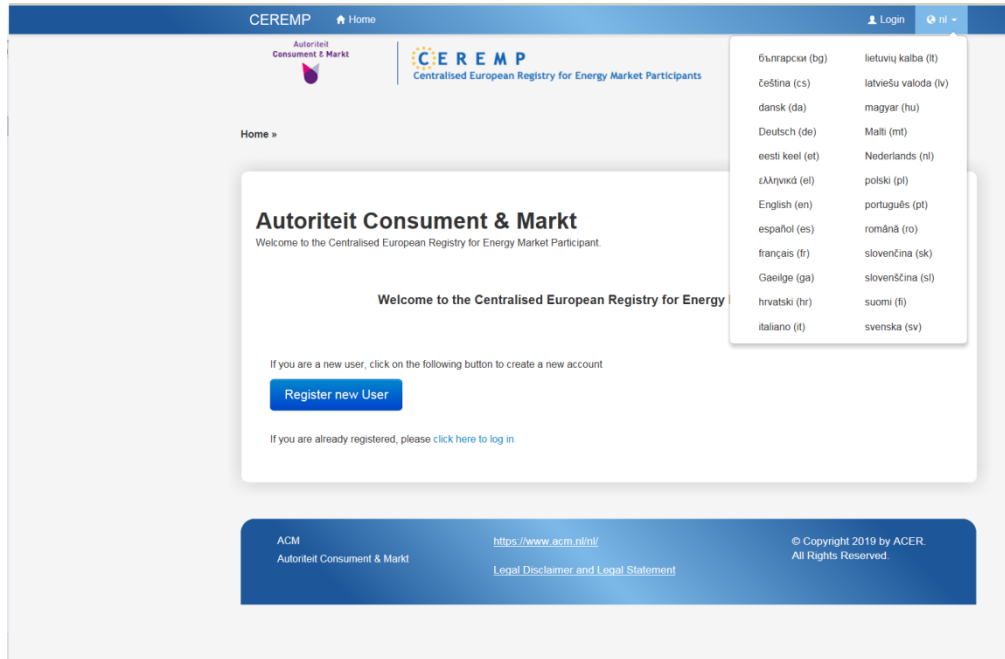

https://www.acer-remit.eu/ceremp/home?nraShortName=19&lang=nl_NL

By clicking on "Register new User" you will be redirected to the user registration form.

The screenshot shows the CEREMP home page. At the top, there is a navigation bar with 'CEREMP' and 'Home' on the left, and 'Login' and a language dropdown on the right. Below the navigation bar, there are logos for 'Autoriteit Consument & Markt' and 'CEREMP Centralised European Registry for Energy Market Participants'. The main content area features the text 'Welcome to the Centralised European Registry for Energy Market Participant' and a blue button labeled 'Register new User'. Below this button, there is a link for users who are already registered. The footer contains the ACM logo, the URL 'https://www.acm.nl/nl/', and copyright information for 2019 by ACER.

Before starting the registration process, you can manually choose your preferred language from the list of available languages. Default language is Dutch.

The page which allows you to enter details concerning the “Authorised Signatory” of the organisation is displayed.

Fill in the fields ensuring that all the mandatory boxes are completed. Click the "Submit" button to continue creating an account. The information provided will be used to verify your identity.

Please note that the ACM requires new users to upload a document that proves the individual has Power of Attorney to register the company as a Market Participant. Although technically not a mandatory field, the ACM does not accept applications without a Power of Attorney. In the Annex of this manual, a template for a Power of Attorney is available.

Once you have submitted your application you will see a message on the screen confirming that your CEREMP account is now in the “pending activation” status. Please be aware that you will not receive an e-mail that confirms that you have made an application.

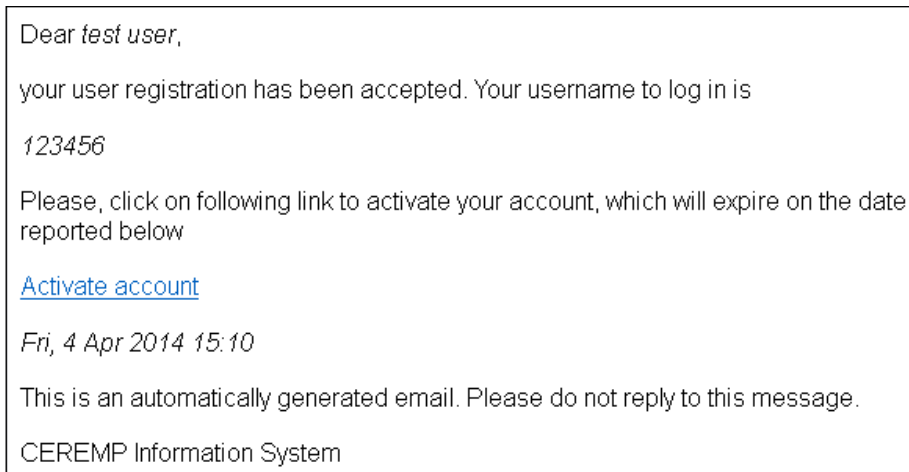

A next step is that the ACM checks your application. In case the ACM has any questions, we will contact you at the e-mail address that is filled in at the application. The ACM might request you to fill in a new application that is complete and leaves no questions open.

Once the ACM has accepted your application for a new CEREMP user account, you will receive an activation email, containing your new user account name. **Keep a note of this username as there is no way to get an automatic reminder.** If you forgot your user name, contact remit@acm.nl.

2.3 Activate your account

To activate your account click the ‘activate account’ link in the confirmation email that will be sent to the email address provided in the application:

You must activate your account within 7 days of receiving this email. If you wait any longer than this, your account will be deleted automatically and you will need to restart the process.

In order to activate your account, make sure that you are not logged into the CEREMP application with another user account, otherwise the following error message will be displayed:
“Sorry, you are not allowed to view this page If you are already logged in CEREMP with another user account, please log out and resubmit this page”

After clicking the activation link contained in the received email, you will be prompted to insert your personal password to access the system:

Please set your password

The password must meet the following requirements:

- Minimum number of characters 12
- Maximum number of characters 15
- 4 out of 4 criteria must be met
 - 1 lower character
 - 1 upper character
 - 1 digit
 - 1 punctuation character

Your password must be compliant with the following minimum requirements:

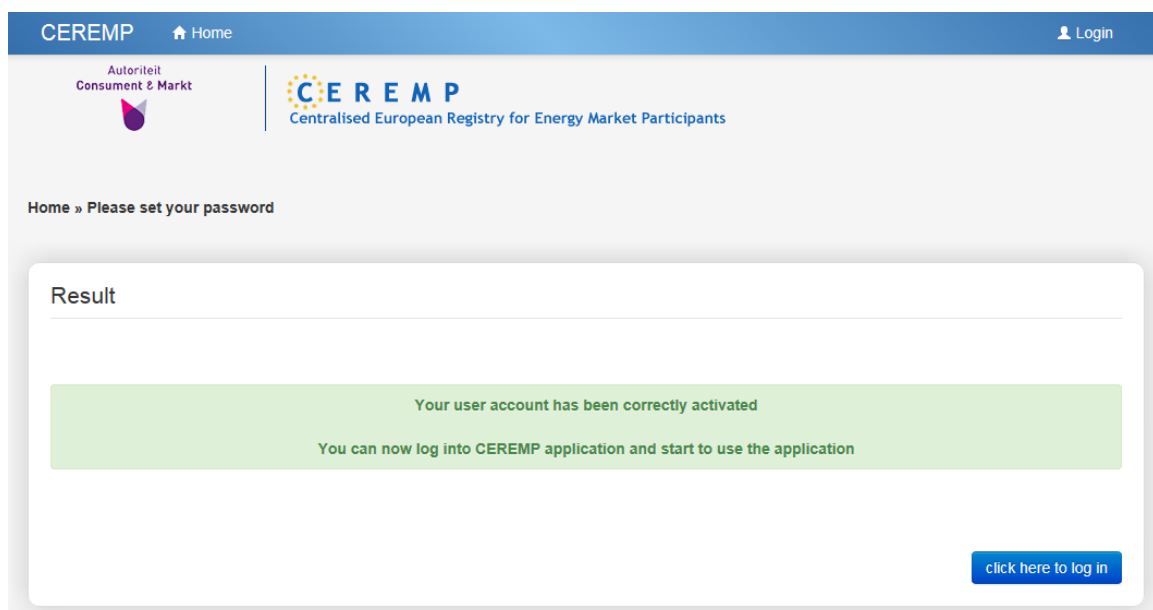

- Minimum number of characters: 12
- Maximum number of characters: 15
- 4 out of 4 criteria must be met:
 - 1 lower case character
 - 1 upper case character
 - 1 digit

- 1 punctuation character

Furthermore, the following password policies are applied:

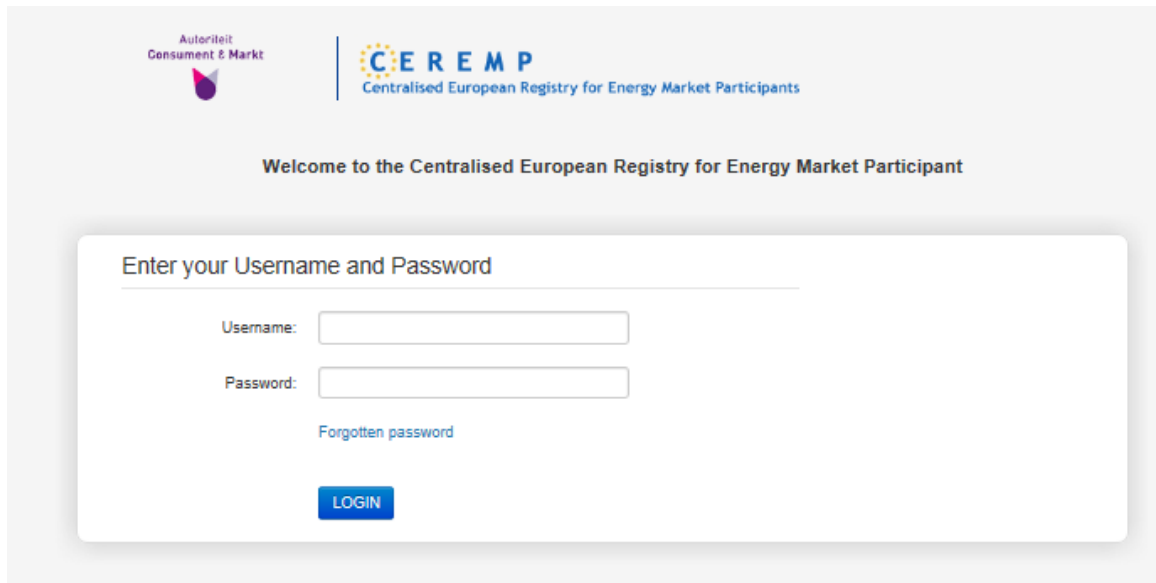

- When changing your password you cannot use one of the last 24 passwords
- After 15 failed login attempts your user account will be locked. You will have to wait 15 minutes before you can try to log in again.
- For security reasons you are advised to change your password regularly. If you do not change your password, it will expire after 60 days and your user account will be locked. You can unlock your account by resetting the password with the “forgotten password” functionality. The system will send an email with the link to reset the password.

After correctly setting your password, your account will be activated and the following message will be displayed:

3.6 Associating to already registered market participants

A market participant can link more than one CEREMP user to its registration account. Each user needs their own account.

A user can be associated to one or more already registered Market Participants. This is done by clicking the menu item “Association” and then “New MP association” available on the top navigation bar.

The search form page will be displayed:

Insert your search criteria and click on “Search”.

Select, from the displayed list, the MPs you want to be associated with and press the “Send Request” button to register your association request.

The following message will then be displayed:

“Your association request has been sent to all user already linked to MP. You will receive an email at the end of evaluation process. Please note that market participants already assigned to you or already requested to be associated will be ignored“

If your association request is approved by the relevant MP-User, when logging into CEREMP, you will be able to select the relevant Market Participant.

3.7 How to evaluate association requests made by other users

At any time you may receive notifications about association requests, made by other users, to be associated with your Market Participants.

After receiving a notification request by email, you can view the list of pending association requests by selecting the relevant Market Participant, on the home page, and then by clicking the menu item “Association” -> “Association Request”.

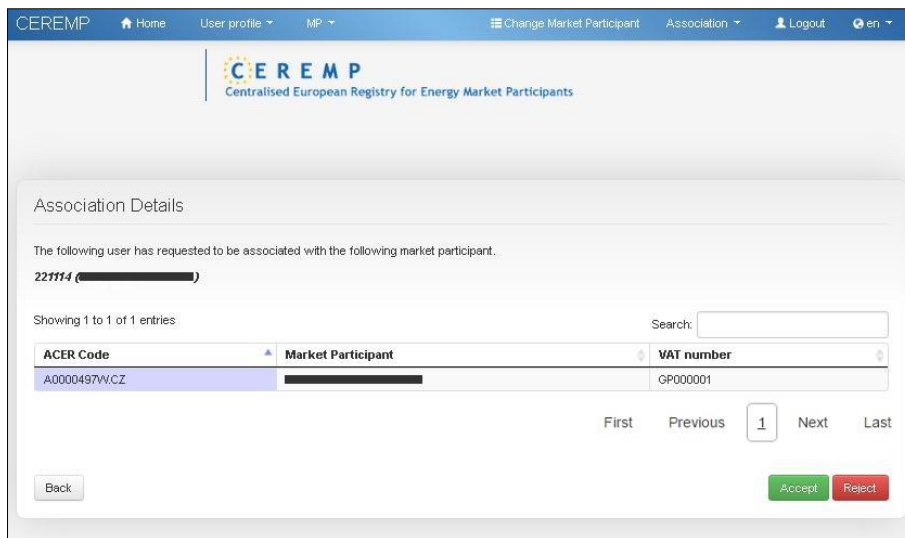

If a pending association request is present, the following page will be displayed:

The screenshot shows the CEREMP interface for viewing association requests. The header includes navigation links like Home, User profile, MP, Change Market Participant, Association, Logout, and language settings. The main content area is titled 'Association requests' and shows a list for Market Participant (A0000497W.CZ). A table displays one entry with details: Username (221114), Submitted Date (2014-04-04), Notification Type (Association request), and Notification State (Open). Navigation buttons (First, Previous, 1, Next, Last) and a Back button are visible.

Username	Submitted Date	Notification Type	Notification State
221114	2014-04-04	Association request	Open

If you select the association request, the page with the association details is shown:

The screenshot shows the 'Association Details' page. It states: 'The following user has requested to be associated with the following market participant. 221114 (■■■■■■■■■■)'. Below this, a table shows the details of the request: ACER Code (A0000497WCZ), Market Participant (■■■■■■■■■■), and VAT number (GP000001). Navigation buttons (First, Previous, 1, Next, Last) and a Back button are present. At the bottom right, there are 'Accept' and 'Reject' buttons.

ACER Code	Market Participant	VAT number
A0000497WCZ	■■■■■■■■■■	GP000001

The association request can then be accepted or rejected by clicking the corresponding buttons.

4 New market participant registration

During the registration process you will have to follow five steps by filling in five sections required by the ACER Registration Format.

4.1 Section 1: Market participant information

The person who operates on behalf of the Market Participant should fill in all required fields of Registration Format Section 1:

The screenshot shows the CEREMP web interface for 'Market Participant Information (Registration Format Section 1)'. The form contains the following fields:

- Market Participant *
- Person Type *
- Country *
- Address *
- City *
- Postal code *
- VAT number *
- EIC
- BIC
- LEI
- OSI
- Website
- Publication inside * (with a checkbox for 'Equal to website')
- Date of validity * (format: yyyy-MM-dd)

At the bottom of the form, there are buttons for 'Back', 'Reset', 'Save as draft', and 'Next'.

The number and type of fields depends on the “person type” selection, therefore the form will display additional fields if “person type” is equal to “natural person” or to “legal person”.

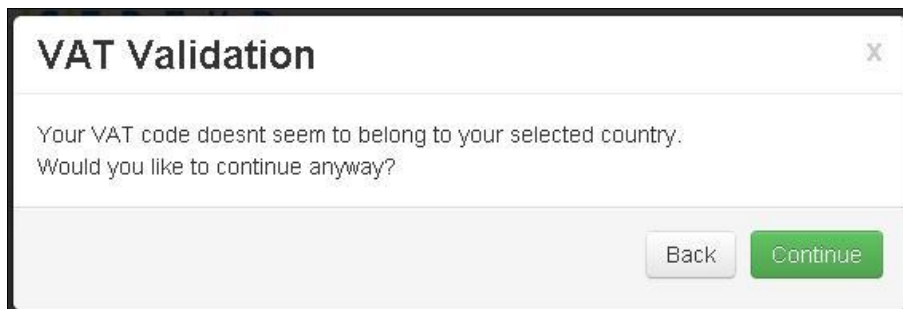

If “Person Type” is equal to “Natural person” the following additional fields are required:

Birth Date	Date of birth (only for natural persons)
Birth City	City of birth (only for natural persons)
Birth State	State of birth (only for natural persons)

If “Person Type” is equal to “Legal person” the following additional field is required:

Legal Form	Legal form of the market participant (only for legal entities)
------------	--

After entering Section 1, click the “Next” button to go to Section 2. If the entered VAT code prefix does not match the selected country, the following popup message will be displayed:

If the entered VAT code is not included in the VAT database provided by the European Commission, the following popup message will be displayed:

If the entered VAT code is correct, you can proceed with the registration by clicking “Continue”.

Publication inside

Please fill in the website where your company publishes inside information. Disclosure of inside information through an Inside Information Platform³ is considered effective. If you do not publish inside information, please fill in “N/A”

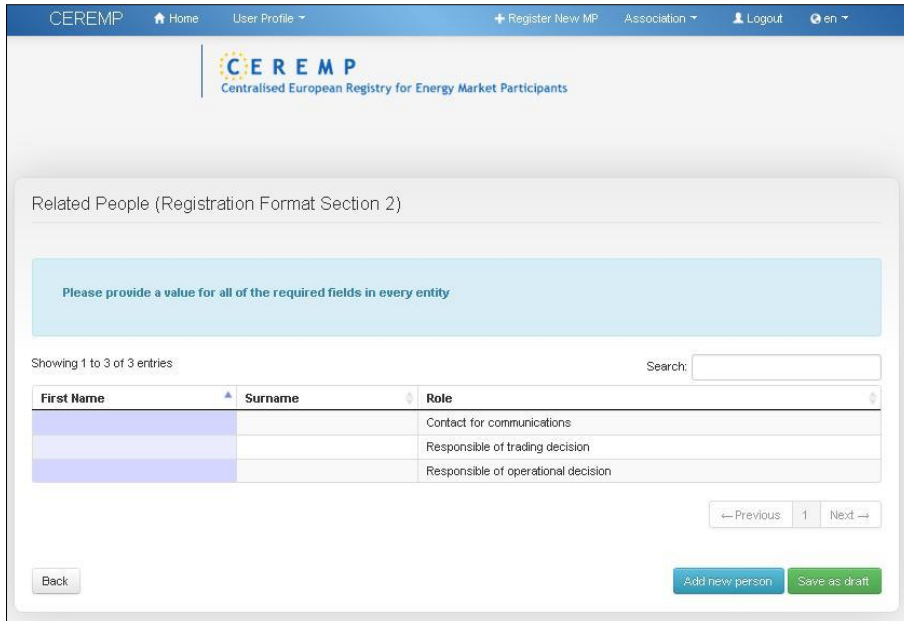

4.2 Section 2: Related people

The Market Participant should add at least three related people to Section 2:

- Contact for communication
This is the natural person that acts as the day to day point of contact for REMIT related issues with ACER and/or the relevant NRA for that market participant. For example, this could be the relevant member of the regulation or compliance team.
- Responsible for trading decisions
This is the natural person that has the senior management role responsible for the market participant’s trading functions.

³ <https://www.acer-remit.eu/portal/list-inside-platforms#>

- Responsible for operational decisions
This is the natural person that has the senior management role responsible for the market participant's operations e.g. Head of generation or Head of physical operations.

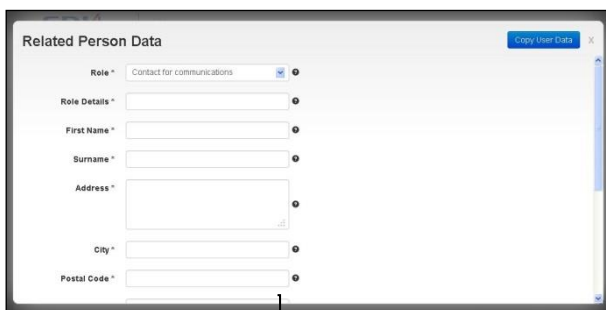

The screenshot shows the CEREMP web application interface. At the top, there is a navigation bar with 'CEREMP', 'Home', 'User Profile', '+ Register New MP', 'Association', 'Logout', and 'en'. Below the navigation bar is the CEREMP logo and the text 'Centralised European Registry for Energy Market Participants'. The main content area is titled 'Related People (Registration Format Section 2)'. A blue message box states 'Please provide a value for all of the required fields in every entity'. Below this, it says 'Showing 1 to 3 of 3 entries' and includes a search box. A table with three columns: 'First Name', 'Surname', and 'Role' is displayed. The table contains three rows of data. At the bottom of the table, there are navigation buttons: '← Previous', '1', and 'Next →'. Below the table, there are buttons for 'Back', 'Add new person', and 'Save as draft'.

First Name	Surname	Role
		Contact for communications
		Responsible of trading decision
		Responsible of operational decision

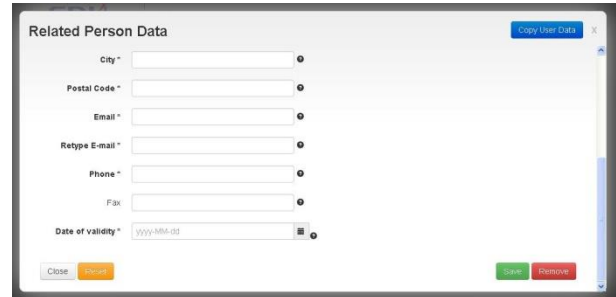

By clicking one of the available positions, a new window will be displayed and you will have to enter the following information.

The scroll bar on the right will allow you to navigate through the fields to be entered.

The screenshot shows a 'Related Person Data' form window. The form has a title bar with 'Related Person Data' and a 'Copy User Data' button. The form contains several fields: 'Role' (a dropdown menu with 'Contact for communications' selected), 'Role Details' (a text input field), 'First Name' (a text input field), 'Surname' (a text input field), 'Address' (a text input field), 'City' (a text input field), and 'Postal Code' (a text input field). Each field has a small circular icon to its right. A vertical scroll bar is visible on the right side of the form.

The screenshot shows a form titled "Related Person Data" with a "Copy User Data" button in the top right corner. The form contains the following fields: "City", "Postal Code", "Email", "Retype E-mail", "Phone", "Fax", and "Date of validity" (with a date picker icon). At the bottom, there are "Close" and "Save" buttons.

After entering all mandatory information on Section 2, click on "Next" in order to go to Section 3

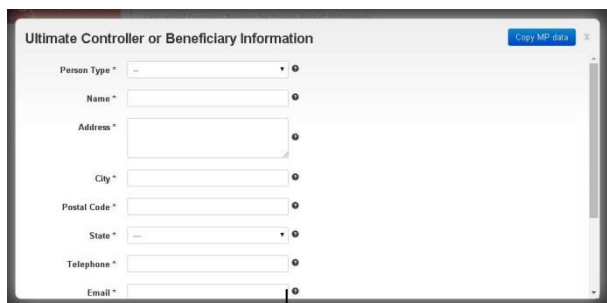

4.3 Section 3: Ultimate controller information

You can add one or more ultimate controllers or beneficiaries to Section 3:

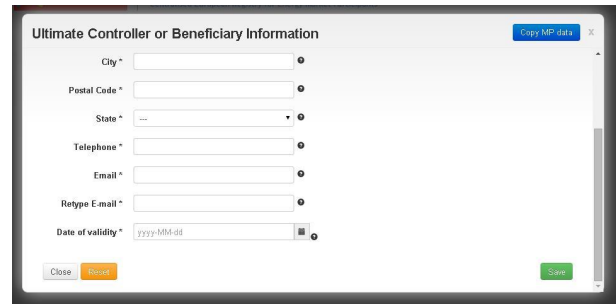

The screenshot shows the CEREMP user interface. The top navigation bar includes "CEREMP", "Home", "User Profile", "Register New MP", "Association", "Logout", and "en". The main content area is titled "Ultimate Controller or Beneficiary (Registration Format Section 3)". Below the title, there is a light blue box with the text "Please insert at least one element by pressing the 'Add' button". At the bottom, there are "Back", "Add Ultimate Controller", and "Save as draft" buttons.

The following information is requested for each ultimate controller or beneficiary of the MP. The scroll bar on the right will allow you to navigate through the fields to be entered.

The screenshot shows a form titled "Ultimate Controller or Beneficiary Information" with a "Copy MP data" button in the top right corner. The form contains the following fields: "Person Type" (dropdown), "Name", "Address", "City", "Postal Code", "State" (dropdown), "Telephone", and "Email". A vertical scrollbar is visible on the right side of the form.

Below the table, there are navigation buttons: 'First', 'Previous', '1', 'Next', and 'Last'. A 'Select this ACER Code' button is located at the bottom right of the table area.

Find the relevant market participant and click on “Select this ACER Code”. The selected market participant will be displayed in the “MP Involved” field.

Click on “Save” to add a new corporate relationship.

If you go back to the corporate relationship information page, the status of this relationship will read “Pending added sent”. This corporate relationship will remain pending until the relationship is confirmed by the MP involved.

You will receive an email confirming that the relationship has been submitted. In addition, email notifications will be sent to:

- The national regulatory authority of the declaring market Participant
- Users linked to the declaring market Participant
- Users linked to the involved market Participant
- The contact for communications of the declaring market participant
- The contact for communications of the involved market participant

The user associated with the “market participant involved” will receive an email asking them to log into the system and confirm that the relationship you have entered is correct. Once they have done this, you will receive an email stating that the corporate relationship has been accepted.

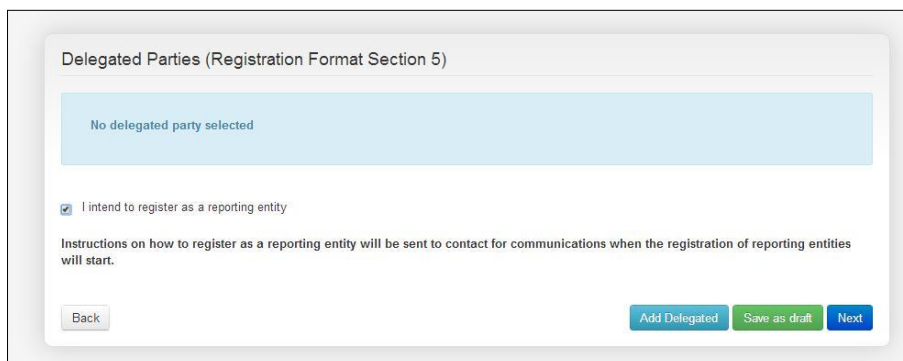

On the corporate relationship information page, the status of this relationship will now read as “Confirmed”. The system automatically adds the inverse relationship. This means that only one party has to report a parent-subsiary relationship, and the other merely has to confirm it.

Repeat this process for all relationships between the market participant you are registering and other market participants. For instance e.g. if it is the parent of two subsidiaries, repeat the process for both subsidiaries.

Click the “Next” button to go to the final step.

4.5 Section 5: Delegated Parties

In the last step of the registration process, you can enter delegated parties information. This is related to how the market participant you are registering intends to report transaction data to ACER. This section requires you to select whichever registered reporting mechanism(s) (RRMs) you intend to report through. Alternatively you can indicate that the market participant you are registering intends to self-report by registering as a reporting entity.

If you intend to report through a third party RRM, click on “Add Delegated”. Clicking the “Add Delegated” button a new page will be displayed for entering delegated party information.

The following mandatory fields should be filled in:

- Name of delegated Party: identifies the delegated party's company
- Date of validity

Then click "save".

Click the "Add Delegated" button again to add more than one delegated party; otherwise, click on "Next" to record your changes.

Market participants who wish to register with ACER for the purpose of becoming a Reporting Entity should tick the relevant checkbox "I intend to register as a reporting entity". This will communicate to ACER (not to ACM) that your Market Participant intends to be registered as a Reporting Entity. ACER will then decide whether to accept or reject the registration. Should the request be accepted, instructions on how to register as a Reporting Entity will be sent to the contact for communications when the registration of the reporting entity will start.

Going forward, the selection of the "I intend to register as a reporting entity" box will make MPs subject to a fee pursuant to Commission Decision (EU) 2020/2152, which stipulates that RRM, including RRM applicants, will need to pay a fee to the Agency for collecting, handling, processing and analyzing of information reported by market participants or by entities reporting on their behalf. For further information, see ACERs Requirements for the registration of Registered Reporting Mechanisms.^{4, 5}

4.6 Saving draft

At each step of the registration flow you can save a draft version of the Registration Format and log out to postpone the registration process until all requested information is available.

If you log in again the draft version of the Registration Format will be available to continue the registration process from the position you were at before saving the draft.

4.7 Submitting

After filling in all required fields of the Registration Format, you will be presented with a summary of the information provided, and, on the lower part of the page, you will be asked to confirm that the information provided is true and accurate.

The screenshot shows the CEREMP (Centralised European Registry for Energy Market Participants) registration form. The page title is "Summary data entered". The form is divided into several sections: "Market Participant", "Related People", "Ultimate Controllers", "Corporate Structures", and "Delegated Parties". The "Market Participant" section is active and contains the following fields: Market Participant, Person Type, Legal form, Country, Address, City, Postal code, VAT number, EIC, BIC, and LEI. The "GS1" field is also present. The "Website" field is present. The "Publication inside" field is present. The "Date of validity" field is present. At the bottom of the form, there is a confirmation checkbox with the text: "I confirm that the information being provided herein by me is true and accurate. *". Below the checkbox are the "Back", "Print Preview", and "Submit" buttons.

Select the confirmation checkbox, then click on "Submit": after submitting the registration application ACM will be automatically informed about the new registration application.

After submitting the registration application, the following message will be displayed.

The screenshot shows a "Result" message box. The message text is: "Your registration request has been submitted to the National Regulatory Authority, you will receive an email at the end of the evaluation process."

Moreover, you will receive an email like the following one:

Dear 123456,
the registration of the following new market participant has been submitted to the National Authority
##DFT000019
You will receive an email at the end of the evaluation process: please note that until then the registration will not be effective.
This is an automatically generated email. Please do not reply to this message.
CEREMP Information System

Upon receiving the registration application the ACM can:

- Approve the registration application
- Reject the registration application
- Ask for changes to the registration application

You will be informed via email accordingly. If the ACM asks for changes, the registration application will be put back into the draft status and you will be able to edit it again.

If the ACM approves your registration application, you will receive an email with an MP Name and ACER Code relating to the registration you have just made.

4.8 Registering additional Market Participants

You can register additional Market Participants at any time by starting a new registration process. To begin a new registration you should click the button "Register New MP" available on the top navigation bar.

If you register more than one Market Participant, after logging into CEREMP application, you will be presented with a list of available Market Participants to choose from:

The screenshot shows the CEREMP web application interface. At the top, there is a navigation bar with links for Home, User Profile, Register New MP, Association, Logout, and en. Below the navigation bar is the CEREMP logo and the text "Centralised European Registry for Energy Market Participants". The main content area is titled "Selection of Market Participant" and contains a message: "Dear user, please choose a Market Participant to continue." Below this message, there is a search bar and a table displaying a list of market participants. The table has columns for ACER Code, Market Participant, VAT number, and Type. The first row is selected, and a "Confirm" button is visible at the bottom right of the table area.

5 Viewing, updating or amending market participant details

At any time you can view and edit the five sections (one section at a time) of the MP Registration Format details by clicking on the one of the following menu items:

- "MP" ->"Registration Format" ->"Update Market Participant" (Section 1)
- "MP" ->"Registration Format" ->"Update Related Person" (Section 2)
- "MP" ->"Registration Format" ->"Update Ultimate Controller" (Section 3)
- "MP" ->"Registration Format" ->"Update Corporate Structures" (Section 4)
- "MP" ->"Registration Format" ->"Update Delegated Party" (Section 5)

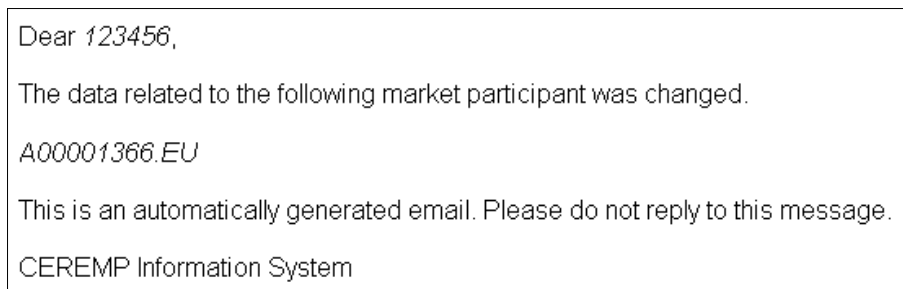

The previous menu items allow the user to modify only one section at a time, but through another menu it is possible change all sections by submitting only one operation:

"MP" ->"Registration Format" ->"Update Entire Market Participant" (All sections).

The information will be automatically updated and, after submitting the update application, the following message will be displayed.

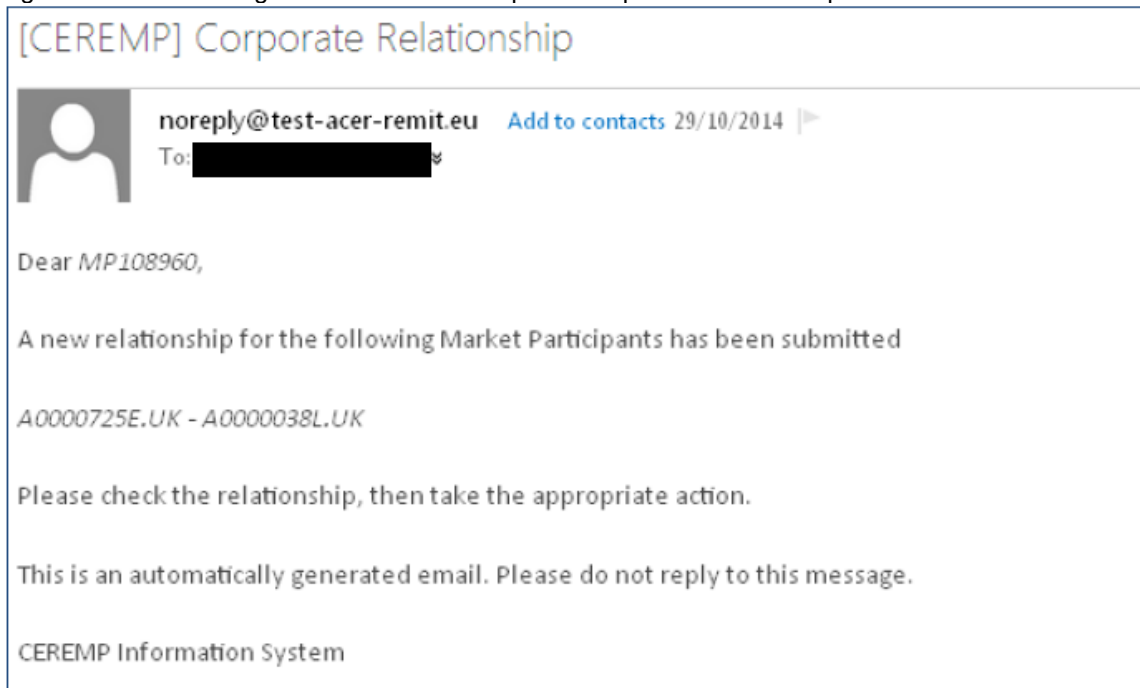

You will also receive a mail like the following one:

6 Other functionalities

6.1 Confirming or rejecting a corporate relationship

If you receive an email like the one below asking you to check the validity of a corporate relationship, log into CEREMP and go to “MP” and then “Update Corporate Relationship”.

You will see that there is a new corporate relationship in a “Pending Added Received” status.

Step 4: Corporate relationship information

6.2 Changing Member State

A registered MP must be registered a second time in the event of a relocation of MP’s headquarters to another Member State. In this scenario you can ask to change the member state of an MP by clicking the menu item “MP” -> “Change Member State”; to complete the request you will have to:

- Choose the new NRA (namely the new Member state)
- Enter a motivation
- Eventually upload an attachment

Concerning the withdrawal of the United Kingdom from the European Union, please see also the frequently asked questions on <https://www.acm.nl/en/publications/brexit-qand-remit-registration-acm>.

Back Reset Save

Upon receiving the request to change member state, the current NRA can:

- Approve the request
- Reject the request

In case of approval, the current MP will be terminated (ACER code will be dismissed) in the current Member State and a new registration (with a new ACER code) for the new NRA will be necessary. Since you requested to change member state for the MP, you will receive an email with details on how to register the MP under the new NRA:

- You will have to complete a new user registration form under the new NRA
- When your user registration will be accepted by the new NRA, you will be able to access a draft registration request related to the MP under the new Member State.

6.3 Deleting market participant

You can delete (or terminate) a registered MP (e.g. due to the fact the company is closed, due to a merger, etc.), by clicking the menu item “MP” -> “Termination”.

Please only delete a registered MP once all transactions to ACER are reported.

To complete the request for termination you will have to provide the following information:

- A termination motivation
- A document proving the statement of termination (optional)

Upon receiving the request for termination, ACM can:

- Approve the termination registration request
- Reject the termination registration request

In any case, you will be informed accordingly.

6.4 Viewing historical changes

You can view a list of previous changes to a market participant's registration details. Log in, select the relevant market participant, go to "MP" and then "Historical report". You will see the this page:

You can download the entire list as an excel file.

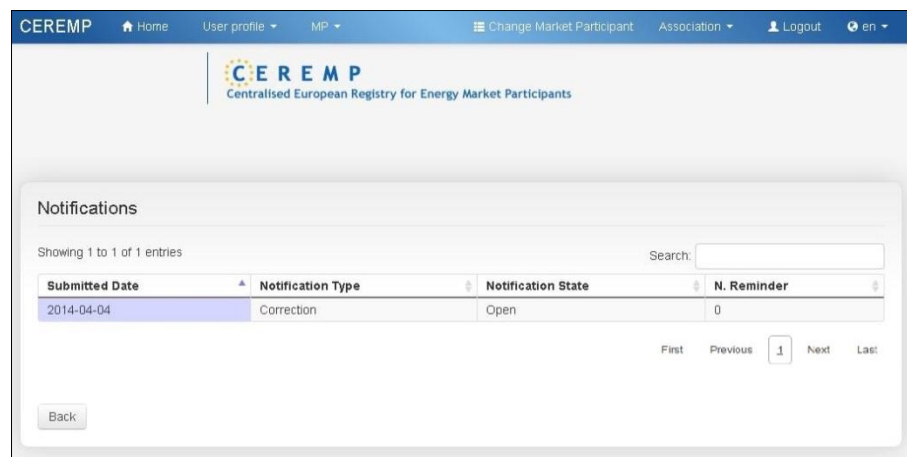

By clicking on a row from the list of items, you can obtain details of the MP information that were active at the selected amendments date time.

6.5 Correction Requests from ACM

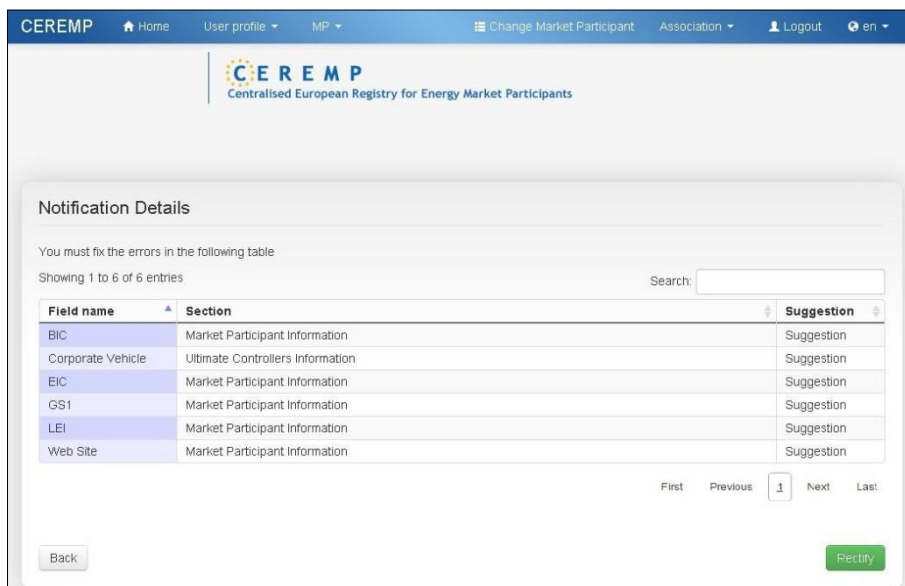

At any time ACM can ask you to amend a Market Participant registration; in this case you will be notified by email; when you select the corresponding Market Participant from the list of available MPs (if more than one are associated to your account), a pop-up window will be displayed:

To open the correction request sent by the relevant NRA, you should click on “Details”. The following page will be displayed:

To open the notification ticket you should click on the corresponding table row; a page containing the list of corrections requested by ACM will be displayed:

To proceed with the corrections request you should click the “Rectify” button.

Each Section (1, 2, 3, 4 and 5) of the MP Registration Format will be displayed and you will be able to amend the information according to the requests made by ACM.

Having made the amendments, the registration format shall be updated immediately.

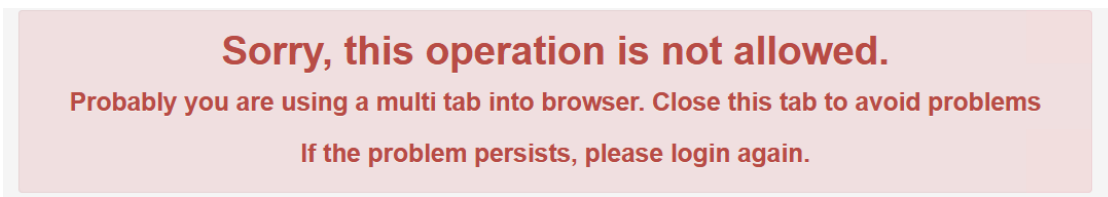

6.6 Other Important Notices

6.6.1 Multi-Tab Warning

CEREMP application prevents any inconsistent data situation, or transferring incorrect personal data on its users, for example during an update or a new registration. For these reasons during the use of the application, it's not possible open more tabs in the same browser. The system locks any type to improper use of platform by displaying of the following message:

**"Sorry, this operation is not allowed.
Probably you are using a multi tab into browser. Close this tab to avoid problems
If the problem persists, please login again".**

Therefore, a screen as the following one will be displayed and in order to continue to use CEREMP system will necessary to log out and log in again in the application:
